Mt Hutt College - Methven

Von Marcus

Diesen kleinen Artikel habe ich zum Abschied in „Methven's Community Newspaper“ veröffentlicht!

My Time in New Zealand

This was my fourth time in New Zealand, my second time being at school at Mt Hutt college and I still enjoy being here every second. I had the best time of my life here and I enjoyed everything. I started playing rugby. In my first game I did a mean tackle. I went eeling with the best host dad you can imagine. We caught heaps of eels the first time. We also had good times when I went shearing with him. I think New Zealand food is just amazing. My host mum made me eat heaps because it was so good that I couldn't stop eating! Thanks for the best time! CHEERS NEW ZEALAND

In Neuseeland ist vieles anders als in Deutschland. Schule macht Spaß, die Lehrer sind unglaublich nett und kümmern sich um jeden Schüler. Am meisten vermisse ich seit meiner Rückkehr meine Gastfamilie, meine Kiwi-Freunde und die Freundlichkeit und Herzlichkeit der Kiwis.
